

# WRITE YOUR OWN ARTICLE

Work in pairs and try to make a draft of an article.

It could be about:

- arranged marriage
- beauty tips
- an event at Astor
- gangster violence in the city
- child labour
- or something you choose.

Swap your draft with another pair and prepare to give feedback.

Write down the following:

- a) what did you like about it?
- b) what could they do differently to improve their article?

Give your feedback and get feedback.

Then rewrite your article and start by discussing how the feedback you got, can be used to make your article better.

Send the finished article to your teacher.
